Dear Doctor/Practice Manager,

Histolab Online Results is a web-based portal that facilitates direct access to Histolab's results from any location. It provides you with reliable and prompt access to your patient's reports where and when you need them.

Histolab Online Results does not require the installation of additional software and runs on all modern versions of major internet browsers like Microsoft Internet Explorer, Firefox, Chrome, Safari and Opera. Online Results is compatible with all tablet and mobile devices.

All interactions with the site are password protected and performed over Secure Hypertext Transfer Protocol (HTTPS) using the latest Transport Layer Security (TLS) version supported by the user's browser.

How to register for Histolab Online Results:

Please complete the Online Results registration form and return to Histolab via fax: 03 9852 8500 or email: debbie@histolab.com.au

Access Histolab Online Results by typing the URL <https://histolab.mocloud.com.au> into the address bar of your chosen browser. For easy and convenient access bookmark or add to desktop or add the page to your mobile's homescreen.

You will receive a reply notification, confirming activation of your Online Results account; your username and temporary password. On your first login, it will prompt you to pick a password of your choice (6 characters, 1 digit).

It is the responsibility of users of Histolab Online Results to ensure user account information, including username and password are kept confidential at all times and not disclosed to any other party. Please refer to our Terms and Conditions.

If you would like to access Online Results training guides go to:
www.medical-objects.com.au/software/online-results/training

Should you require any additional information from Histolab, please do not hesitate to contact our representative, Debbie Muscari on (03) 9039 9950 or email debbie@histolab.com.au.

Kind regards,

A handwritten signature in blue ink, appearing to read 'Andrew'.
